

NETMOTION[®] **WIRELESS**

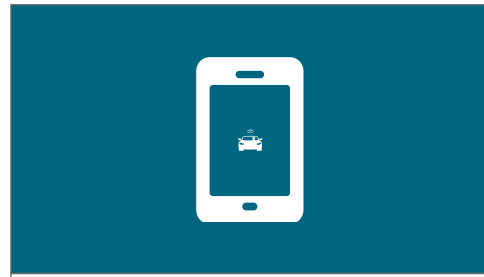

8059 - Net Motion Wireless - Demos - StoryBoards - Suite ver29

ACTION:

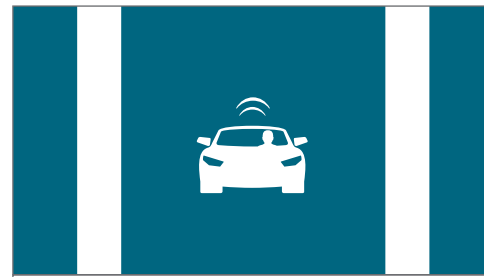

ACTION:

These

ACTION:

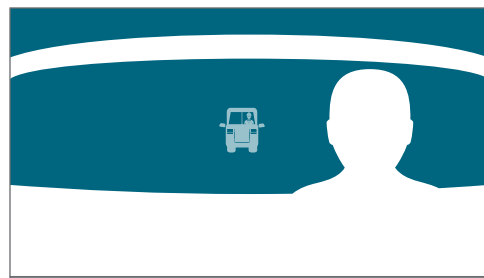

days

ACTION:

Mobility

ACTION:

is

ACTION:

Everything.

ACTION:

ACTION:

ACTION:

Businesses

ACTION:

need

ACTION: Tilts down and zooms out into building.

a

ACTION: Tilts down and zooms out into building.

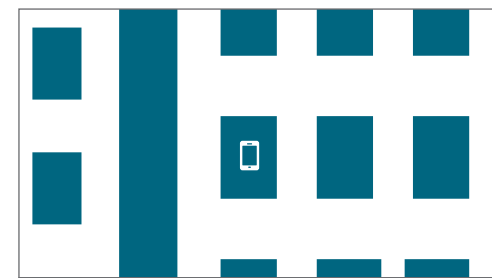

ACTION: Tilts down and zooms out into building.

successful

ACTION: Tilts down and zooms out into building.

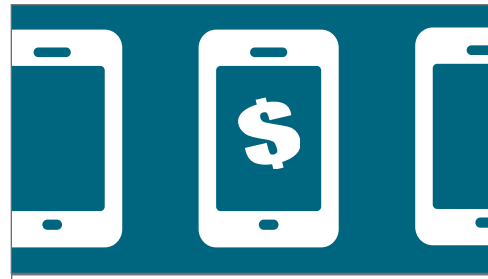

mobile

ACTION:

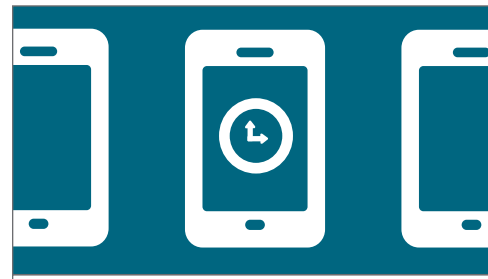

workforce

ACTION:

to generate more revenue

ACTION: Dollar sign flips in

and save time.

ACTION: Dollar sign flips to clock

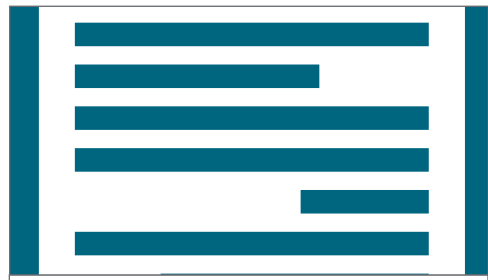

ACTION: Frame pans right, revealing buildings

If your organization

ACTION:

doesn't have the

ACTION: Zooms into the building

the right

ACTION: Continues to zoom in

technology

ACTION: Zooms out as the server

In place

ACTION: Continue to zoom out as the server

to control

ACTION: Tilts down with dots

your mobile deployment,

ACTION: Dots lead down to hand holding phone

then you're simply wasting

ACTION: Phone flips into bill.

money.

ACTION: Hands fade away.

ACTION: Bill zig zags down the screen

ACTION: Bill continues to zig zag down

You need to keep workers

ACTION: Tilts down

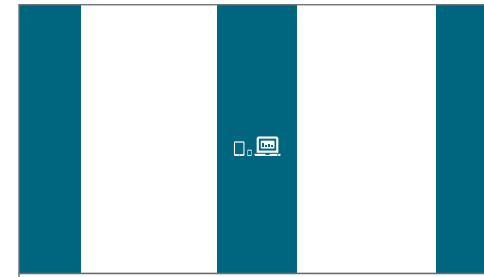

connected

ACTION: Zooms out to reveal more workers.

to increase

ACTION: Workers move up, frame zooms in

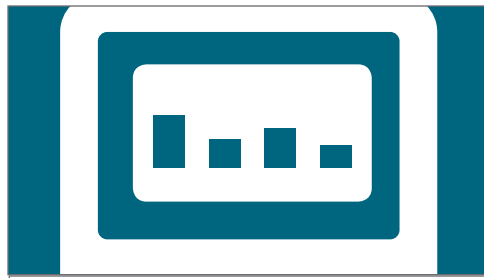

user adoption

ACTION: Zooms in between bars to see mobile apps

of mobile

ACTION: Zooms in to laptop chart.

applications

ACTION: Frames zoom in on laptop screen, bars begin to increase

and increase

ACTION: Bars continue to increase

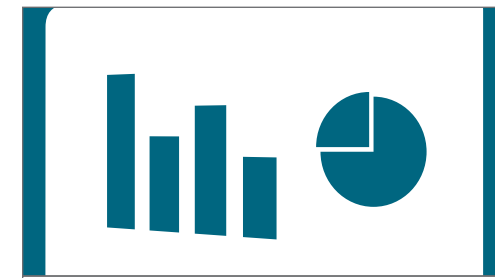

worker

ACTION: Zoom out to see worker on his computer

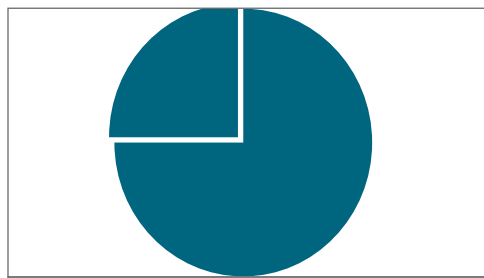

productivity.

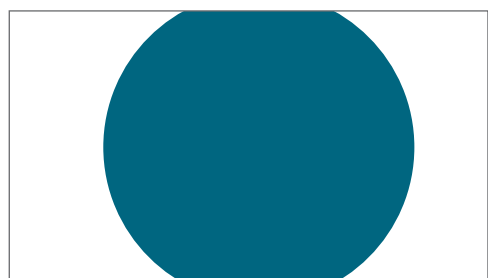

ACTION: Bar graph slide left, pie chart pops in

ACTION: Zooms into the screen, pie chart starts closing in

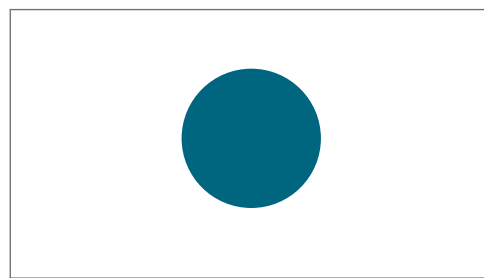

ACTION: Zoom in on closed up pie chart

You need

ACTION: Eye icon replaces pie chart, starts to zoom out

visibility

ACTION: Zooms out as white begins to fade

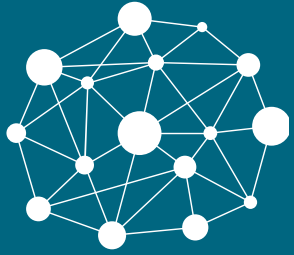

into the networks

ACTION: White fades away to reveal network

and devices

ACTION: continues to zoom out

you don't own.

ACTION:

And you

ACTION: One dot stays opaque, the rest fade out

need

ACTION: Dot starts pulsating waves

control

ACTION: Small dots come down, frame tilts down

over the devices

ACTION: Frame tilts down to reveal devices

that access

ACTION: Zooms into the phone, the rest fade out

your network.

ACTION: Phone starts pulsating waves

Fortunately,

ACTION: Phone pops in, and pops back out to be the N

there is a single solution

ACTION:

that provides this.

ACTION: N tilts up and away

More than 1 million

ACTION: Waves pulsate down and people slide up

users ranging from

ACTION: A face lights up

small businesses

ACTION: A few more faces start lighting up

to the fortune 100

ACTION: All faces light up

are now benefitting

ACTION: Zoom into a face, people fade out and Tower fades in

from the connectivity

ACTION: People completely fade out, Tower is pulsating waves

... visibility

ACTION: Waves pulsate away and tower fades away, only dot remains

... and Control

ACTION: Dot shoots around frame like a pool ball

you get from

ACTION: Dot shoots into negative space in NET MOTION and fades

NetMotion

ACTION: Dot fades away, NET MOTION fades in

Wireless

ACTION: Waves pulsate in, WIRELESS writes out

Enterprise

ACTION: Everthing fades out but the waves and N, zoom in

Mobility management

ACTION: Zoom in, dots come out from N

software.

ACTION: Zoom out, dots reveal desktops

ACTION: zoom in on desktops

The NetMotion Suite helps

ACTION: Zoom in on one desktop, icon appears in circle

eliminate

ACTION: zoom into icon

ACTION: Outer circle fades, two halves split, revealing spinning arrow

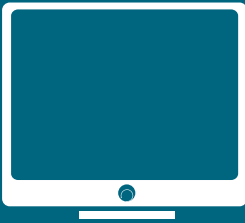

repeated logins

ACTION: Zoom in on spinning arrow

and dreaded

ACTION: Desktop zooms back in around spinning arrow

re-starts

ACTION: Zooms out, arrow continues to spin

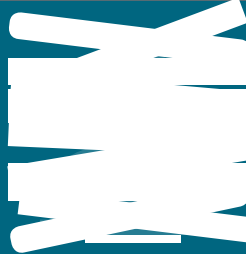

that

ACTION: Desktop screen swipes down

otherwise

ACTION: Desktop screen swipes down completely

ACTION: Screen begins to break apart in rectangles

disrupt

ACTION: Rectangles on desktop break apart, revealing worker

workers

ACTION: Zooms in on worker face

as they transition

ACTION:

while on

ACTION: Zooms back out to reveal mobile worker

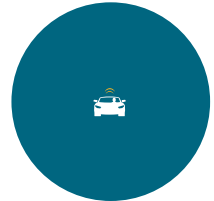

the go.

ACTION: Continue to zoom out, waves pulsate

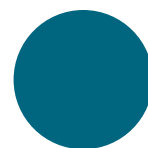

It gives you

ACTION: Continues to zoom out, eye zooms into frame

unprecedented

ACTION:

visibility

ACTION:

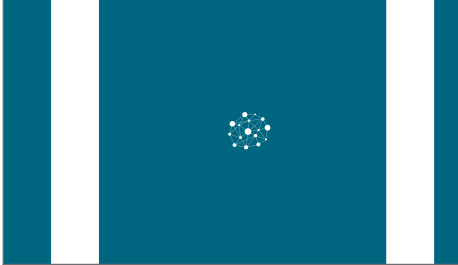

into

ACTION: Eye fades, network fades in

cellular

ACTION: Zoom out to see whole network

networks

ACTION: Zoom out more from middle of phone

and

ACTION: Zoom out more to reveal whole phone

deployed devices

ACTION: Zoom out, phones populate

so you can quickly

ACTION: Zooms out as question marks start appearing

troubleshoot

ACTION: Zoom in slightly, question marks start appearing

and fix issues

ACTION: Question marks begin to flip into check marks

as they happen.

ACTION: Zooms out to N

And

ACTION:

it serves

ACTION:

as the

ACTION: Dots come down

central control

ACTION: frame tilts down

point

ACTION: Frame tilts down to reveal devices

for your mobile deployments,

ACTION: Zooms out more from inside the keyhole of the lock

allowing you to

ACTION: Continues to zoom out

secure

ACTION: Zooms out as icons appear

manage

ACTION:

and optimize

ACTION:

your

ACTION: File fades in behind icons

critical

ACTION:

applications.

ACTION: Files flip to applications

Your

ACTION: Frame tilts down, revealing pulsating waves

mobile

ACTION: Continues to tilt down to reveal mobile worker

workers

ACTION: Waves pulsate upn and away

will

ACTION: Dialog box pops up, thank you fades in

thank you and

ACTION: Arrow slides to the right side of dialog box, zooms out to reveal worker

so will your

ACTION: Continues to zoom out

IT group-

ACTION: Clock hands swipe down, worker fades out

freed from

ACTION: Zoom out

spending

ACTION: Zoom out to reveal whole clock

countless hours

ACTION: Clock hands continue to spin, flips to waves

trying to solve

ACTION: Zoom out to see dispatcher

connectivity

ACTION: Continue to zoom out

issues in

ACTION:

the field.

ACTION:

ACTION:

Organizations

ACTION: Building slides down, revealing N

that have already deployed

ACTION:

Enterprise Mobility Software

ACTION: Zoom into the negative circle

report

ACTION:

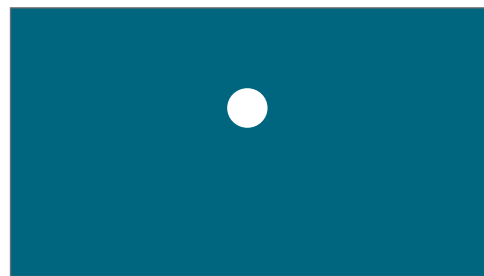

that the

ACTION: Continue to zoom into see tower with pulsating waves

connectivity

ACTION: Waves pulsate away, tower fades, eyeball dot pops in

visibility

ACTION: Eyeball dot shoots around like a pool ball as it gets bigger

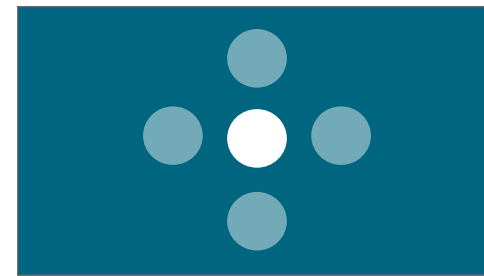

and

ACTION: Eyeball dot shoots around as it gets bigger

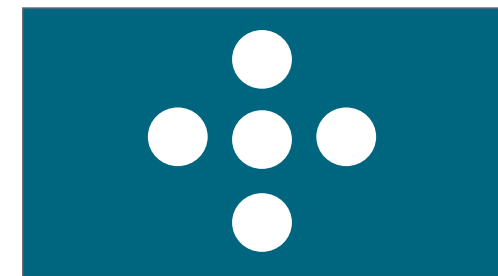

control

ACTION:

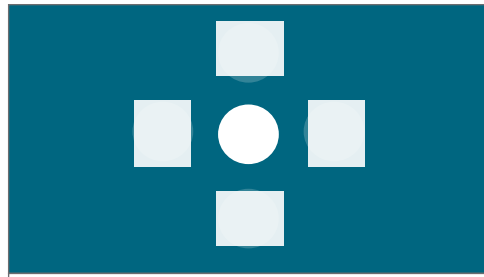

they

ACTION:

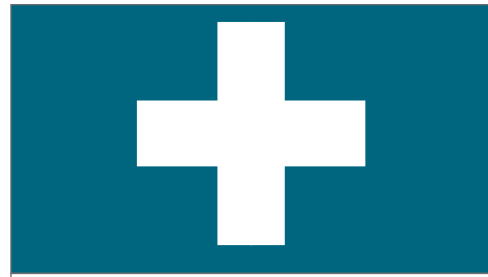

gain

ACTION:

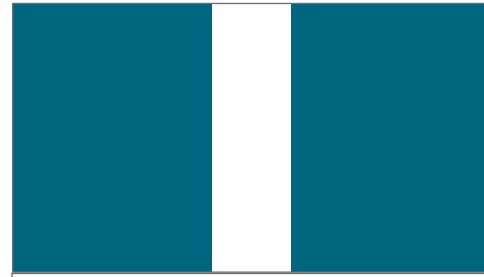

result in

ACTION: 4 outer dots turn into squares, slides into middle circle to create a cross

huge benefits...

ACTION: Top of cross increases, frame tilts up

like increasing

ACTION: Continue to tilt up, revealing the worker

daily field worker productivity

ACTION:

by 30%

ACTION:

and reducing

ACTION: Tilts back down to reveal building

operational expenses

ACTION: Continue to tilt down, rows of lights go out

by

ACTION: more rows of lights go out

more than

ACTION: more rows of lights go out

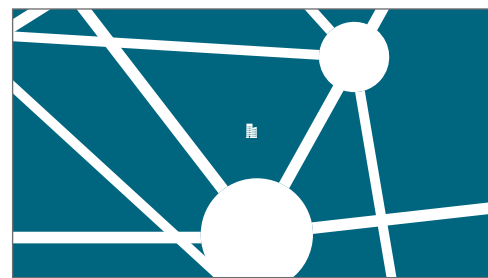

40%

ACTION:

All of this

ACTION: Zoom out from inside the globe

comes because

ACTION: Zoos out

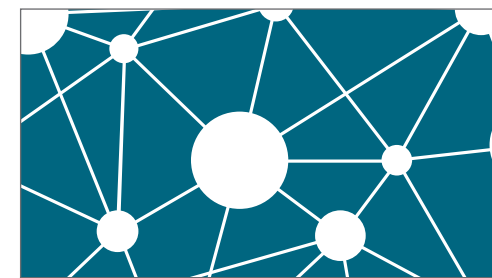

our technology

ACTION:

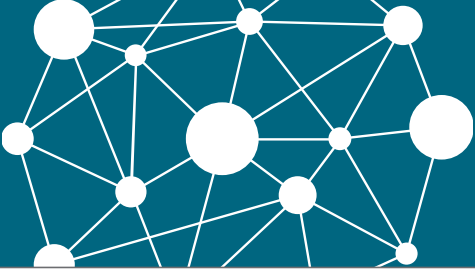

so seamlessly

ACTION:

integrates with

ACTION:

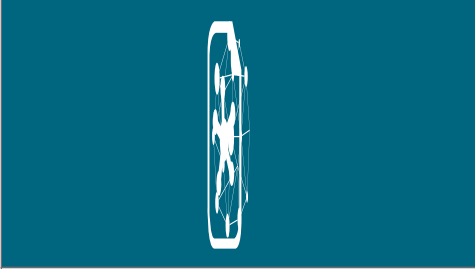

your existing

ACTION: Zooms out to see whole network

infrastructure

ACTION: Flips into application

...

ACTION: Flips

applications...

ACTION: Application flips into server

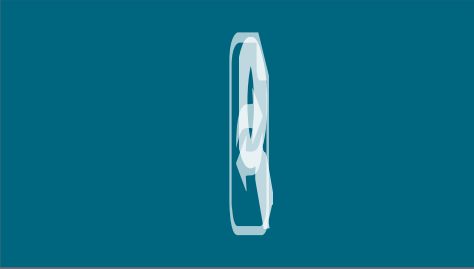

databases...

ACTION: Server flips into file

file shares

ACTION: Zoom out from inside the magnifying glass

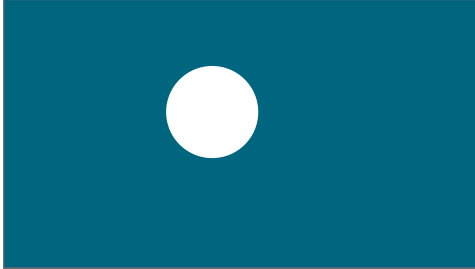

...

ACTION:

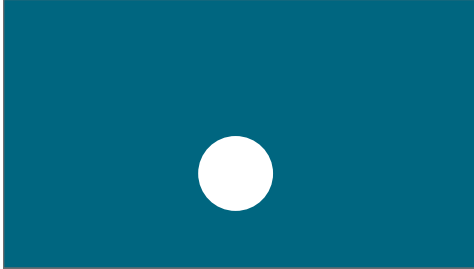

directory services

ACTION: Magnifying glass fades out, dot in negative space fades in

...

ACTION: Dot bounces as it gets smaller

you get

ACTION:

the idea.

ACTION: Dot bounces and starts to fade into the circle hole in the phone

ACTION: Phone fades in, dot fades out

And in this age

ACTION: Zooms out

of bring your own

ACTION:

device to work,

ACTION:

you've never

ACTION: Zooms out from inside of N

needed

ACTION:

something like

ACTION:

the NetMotion Suite

ACTION:

More

ACTION: Waves pulsate

ACTION: Line comes in from left

Bottom line...

ACTION:

NetMotion Wireless

ACTION: Line continues right, waves pulsates in

your workers focused

ACTION: Workers flip up towards camera. IT guy flips from back to position.

on their jobs,

ACTION: Workers flipd down towards camera, IT guy flips up

their customers —

ACTION: IT guy flips down, customers flip up

ACTION: Line changes direction , icon zooms out

ACTION:

not

ACTION: Icon turns into a dot from the atom

the

ACTION:Icon fades, atom fades in, zoom out slightly

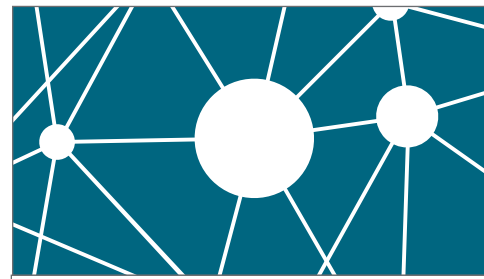

network.

ACTION: Atom spins, zoom out slightly more

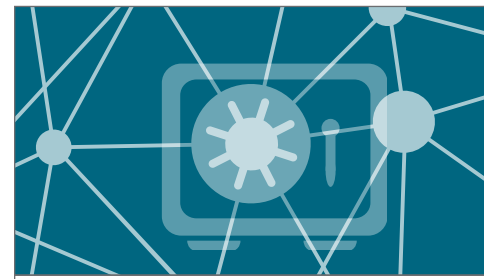

ACTION: Atom continues to turn

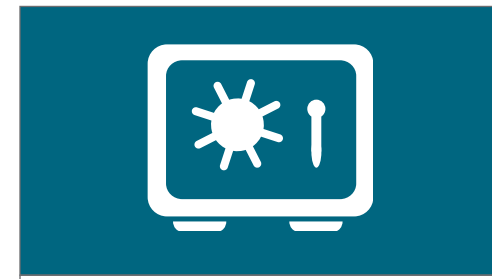

Find

ACTION:

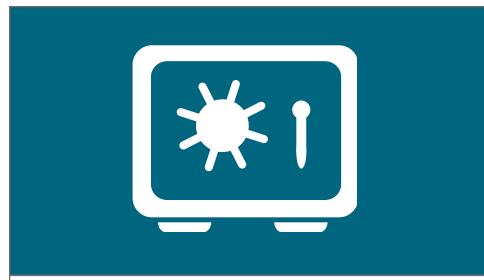

out how you

ACTION: Atom fades out, safe fades in

can make sure you're getting the most

ACTION: Wheel spins

out of your mobile investment.

ACTION: Wheel abruptly stops (like a lock)

ACTION: Safe pops in

ACTION: Safe pops in

ACTION: Waves pop out, moves left
